

THE WRANGELL SENTINEL

VOL. XVI. NO. 9

WRANGELL, ALASKA, THURSDAY, MARCH 15, 1917

PRICE TEN CENTS

GERMANY MAY SOON DECLARE WAR ON U. S.

WASHINGTON, March 11.—Persistent reports from Germany are being received here to the effect that Germany will reply to President Wilson's order to arm American merchant vessels and shoot submarines on sight, with a declaration of war. The German press is trying to make of the order a declaration of war against Germany, but since the United States government has not in so many words declared, it is up to Germany to take the initiative. While these reports are not official army officers here believe the reports are accurate and that it is only a matter of a few days until a declaration will be made to that effect.

Germans Driven From Defensive System by British

LONDON, March 14.—The British drove the Germans from their main defensive system west of Bapaume on a front of three and one half miles. After making a drive through Louport wood they seized the village of Grevillers.

American Liner Was Torpedoed Without Warning

LONDON, March 14.—American Consul Stephens at Plymouth reports that the American liner Algonquin from New York laden with foodstuffs was torpedoed without warning. The submarine refused to give assistance, though all were saved.

Damaging Evidence Against Mayor Hi Gill of Seattle

SEATTLE, March 14.—Sergeant Putman testified that Beckingham forced him to give up the papers seized from the Billingsleys to whom they were later returned by the mayor. Prosecuting Attorney Lundin swore that Beckingham and Gill blocked his efforts to secure the same papers.

BIDS OPENED.

WASHINGTON, March 14.—Bids were opened today for six cruisers of thirty-five knots.

Hon. P. C. McCormack writes that since going to Juneau he has taken up the matter of getting a trustee appointed for the town of Wrangell, and that he has assurance that a trustee will be appointed very soon. This will be welcome news to the many property holders in Wrangell who are anxious for patents to their holdings.

The Sunday evening service at the Presbyterian church at which Andrew Stevenson of Skagway spoke on the subject of Happiness, was the most largely attended religious service the reporter has ever seen in Wrangell. Mr. Stevenson is a scholarly business man who has taken an active interest in religious work for many years. His address was both enlightening and inspirational, and was delivered with so much earnestness that his message seemed to go straight to the hearts of his hearers.

General Railroad Strike Throughout U. S. Is Threatened

WASHINGTON, March 14.—Senator Lodge is opposed to the Columbia treaty on the ground that he is not willing to have this country blackmailed out of twenty-five millions of dollars. The Railroad Brotherhood men will all strike on Saturday unless notified to the contrary in the meantime.

Expresses Consternation

WASHINGTON, March 14.—President Wilson expressed consternation that the railroad Brotherhoods were contemplating a strike in this time of crisis.

China Breaks Off Diplomatic Relations With Germany

WASHINGTON, March 14.—It is officially announced here that China has severed diplomatic relations with Germany and taken possession of all German merchant ships at Shanghai and placed their crew on shore under guard, and placed armed guards on the vessels.

President Wilson Has Completed Tariff Commission

WASHINGTON, March 14.—President Wilson announced today that he had completed the Tariff Commission as follows: Prof. Taussig of Harvard, William Kent of California, Congressman David D. Lewis of Maryland, Daniel C. Roper of South Carolina, E. P. Costigan of Colorado, W. S. Culbertson of Kansas.

Minister Given Passport

WASHINGTON, March 14.—United States Minister Reinsch has cabled from Peking that the German minister has been handed his passports.

BANK OF ALASKA AT SKAGWAY HAS NEW HOME

The Bank of Alaska will christen its new building at Skagway next Tuesday, March 20, which will be the first anniversary of the opening of the bank.

The Bank of Alaska building at Skagway is 50x100 feet, made of concrete and constructed in the most modern manner known. Its style of architecture is simple, giving the impression of sturdiness and stability.

The Bank of Alaska has made an enviable record during the first year of its existence. Banks have been established at Skagway, Wrangell and Anchorage, and there is little doubt that a fourth bank will be established to the Westward within a few weeks.

Andrew Stevenson, president of the Bank of Alaska, and W. R. Hillery, vice president, who have been visiting in Wrangell for the past ten days, will leave on the Dolphin for Skagway to be present at the opening of the bank's new home.

Andrew Stevenson, president of the Bank of Alaska, was host at a dinner given at the Wrangell hotel Thursday evening to the local officers and directors and their families. Those present were Mr. and Mrs. W. H. Warren, Mr. and Mrs. B. A. Ross, Mr. and Mrs. F. Matheson, Mrs. P. C. McCormack, Mr. W. R. Hillery, and the host, Mr. Andrew Stevenson.

M. B. DAHL GOING OUTSIDE AGAIN

M. B. Dahl, who is in charge of the fishing station of the Northland Trading and Packing company at Saginaw Bay, will leave on the Humboldt tomorrow on a business trip to Tacoma. Mr. Dahl will return early in April, and it is possible that he will bring up the Shamrock No. 2. Mr. Dahl states that another boat, the Shamrock No. 3, is now being built for use at Saginaw Bay and will be brought North as soon as it is launched, which will be sometime next month.

DAVID MORRISON TAKES OWN LIFE

Stranded while out trapping and crazed with hunger and exposure, David Morrison of Wrangell ended his life with a revolver.

There is no one in Wrangell who will read the foregoing without a feeling of tenderness for "Happy" Morrison, who was known to every one in Wrangell where he had made his headquarters for the past five or six years. During the past winter he delivered milk for the Wrangell dairy and in that way came directly in contact with almost every family in town.

Morrison left Wrangell about the middle of January in a small boat on a trapping expedition. He was an experienced trapper and fisherman and so thoroughly at home in that kind of a life that no one would have been apprehensive as to his safety if he had not been heard of again for six months.

from its anchorage and got away while he was hunting on an island.

On Thursday evening of last week the Paquet brothers, loggers of Petersburg, arrived in Wrangell from Mitkof island, about fifteen miles from Wrangell, and reported finding the body of a man who had apparently committed suicide.

U. S. Commissioner Thomas at once sent Marshal Wallace for the body. A coroner's jury was summoned and an inquest held over the body after it was brought to Wrangell. The following verdict was rendered:

In the matter of the inquest over the body of David Morrison.

We the jury empaneled and sworn to inquire into the cause of the death of the above named deceased, find from the evidence of the witnesses sworn in the case, and from an examination of the body, and from the professional opinion of Dr. W. J. Pigg, the attending physician in the case, that the man met his death on Mitkof island at the mouth of "Blind slough," about fifteen miles from Wrangell, Alaska, and that the cause of the death was a gunshot wound inflicted by his own hand fired from a 38 calibre Colt's revolver, and that the deceased committed suicide while in a state of temporary insanity caused from exposure and hunger, and that he died destitute.

We further find that the deceased was about fifty years of age, American born, and came from the state of Washington to Alaska.

Dated at Wrangell, Alaska, this 9th day of March, 1917.

L. C. Patenaude, C. H. Bryant, Al Osborn, George Davis, M. C. Marshall, H. J. Philips.

The remains were buried Saturday afternoon, Rev. H. P. Corser performing the service at the grave.

Robert Scott, a cannery man of Craig, arrived from Seattle Saturday on the Alki. Mr. Scott left for his home on the Uncle Dan.

CRAZY MAN TRIES TO KILL GOV. LISTER

OLYMPIA, March 14.—A man giving the names of Charles Wagner and Charles Lorenz, lately from Milwaukee, attempted to assassinate Governor Lister yesterday afternoon. The governor fled into the vault of the executive office. The man carried a revolver which he was induced to lay down. He was arrested. It is believed that he is insane.

Hogstrom-Schmidt

From sunny California comes news of a wedding which was the culmination of a romance which had its beginning in Wrangell.

When John R. Hogstrom left Wrangell last month it was rumored that he was about to give up the lonely life and the rumor seems to have been well founded.

Mr. Hogstrom writes that he arrived in Los Angeles on March 1, and was married on March 2 to Miss Schmidt at the home of her cousin. After the wedding Mr. and Mrs. Hogstrom went to Pasadena where they will reside.

Mr. Hogstrom lived in Alaska twenty years. He is well known in Wrangell and has a host of friends here whose well wishes at this time would be expressed in congratulations and tin can serenades if he and his bride were here.

The bride is a stockholder in the garnet ledge on the mainland near Wrangell. She spent about two years in the north leaving here about a year ago. She has many friends here who wish her a life long honeymoon.

Funeral of Jack Myers

The funeral of Jack Myers who was drowned in Mill Lake last week, was held in the Redmen's hall Saturday afternoon and was well attended. Rev. H. P. Corser and Staff Captain Robert Smith of the Salvation Army officiated. The musical numbers were "Lead Kindly Light," by Mrs. W. H. Warren, "Nearer my God to Thee," by the audience, and "Face to Face," by Mrs. M. O. Johnson. Miss Margaret Bronson was the organist for the occasion.

The services were continued at the grave. The only relative in attendance was Charles Lloyd Myers, who came to Wrangell from Juneau immediately upon being advised of his father's death. Two daughters also survive. They are Mrs. B. O. Jensen of Los Angeles and Mrs. O. Hansen of Anchorage.

Mr. Myers was born in Ohio 52 years ago. His wife died nineteen years ago. The family came to Alaska six years ago from Humboldt county, California. Since coming to Alaska Mr. Myers had followed mining and fishing most of the time.

A few weeks ago Mr. Myers made application to become a member of Wrangell Lodge No. 866, Loyal Order of Moose. He had been elected to membership, but had not been initiated.

Mr. Myers had a host of friends in Wrangell who were shocked by his untimely death.

All boys of the town are invited to the gymnasium Monday evening next with a view of organizing a boy scout military company. Mr. Arthur J. Downer of the wireless station has consented to act as instructor and leader. This will be a fine opportunity for the boys to get a knowledge of the elements of military science.

SAM L. WALLACE DIES SUDDENLY

Tuesday morning the people of Wrangell were shocked at the news that Sam L. Wallace had died suddenly during the night.

Although not as well as usual Mr. Wallace was about town as usual Monday. At 11 o'clock Monday night he was talking with Mrs. Harry Wallace. That was the last time he was seen until the next morning when the body was discovered lying in the yard by Thomas Dalgity. It is thought that he had a stroke of paralysis just after saying good night to Mrs. Wallace, and that death was instantaneous.

Mr. Wallace was 66 years of age and had resided in Wrangell since 1914. He was a brother of U. S. Deputy Marshal H. J. Wallace. He is survived by two daughters who reside in Los Angeles. He was a life member of Kalispell (Montana) Lodge No. 725, Benevolent and Protective Order of Elks. The funeral will occur at the Redmen's hall this afternoon. The pall bearers will be members of the Elk fraternity.

An account of the funeral will appear in our next issue.

JUNIOR BASKETBALL TEAMS GIVE EXHIBITION

The boys of the town under eighteen years of age gave two exhibition games at St. Philip's gymnasium Monday evening.

The players in the game for the younger set were John Osborn, George Churchill, Vernon Myers, Elton Engstrom, Neil Grant, Robert Smith, Stuart Smith, Ralph Prescott, Eddie Loftus and John Coulter. In this game the team led by John Osborn won.

The line up of the game among the older boys was, on one side, M. Loftus, first inning, and Louis Wigg, second, Henry Bowman, John Osborn and Andrew Engstrom, and on the other side Marion Myers, Alfred Royalty, Geo. Churchill, Eddie Loftus. The side led by M. Loftus and Louis Wigg won.

The playing in both games was not only enthusiastic but in many instances scientific. The gymnasium has been open every afternoon and occasionally evenings for the free use of the boys of the town, and they have made liberal use of it, and because of much practice there were many examples of really good playing. As the boys did not represent different clubs, or different parts of the town, the interest centered about the work of the individual players, and there was much applause for what the different ones were able to do. It can easily be prophesied that the younger set as they grow up will not only keep Wrangell on the basketball map, but will cause it to occupy a larger place than ever.

Ice cream was sold at the close of the game to aid in paying the running expenses of the gymnasium. It is needless to say that all the ice cream was disposed of.

Mill Makes Shipments

The Wilson & Sylvester Mill Company have begun shipments earlier this year than ever before. More than a week ago a shipment of 60,000 box shooks were shipped to Hawks Inlet. This week a shipment of 35,000 shooks was made to Excursion Inlet, and also a shipment of lumber to Tenakee.

Mrs. Cornelia T. Hatcher, president of the Alaska W. C. T. U., who spent last month in Washington, D. C., in the interest of the drastic prohibition bill for Alaska which was passed by Congress, will sail for Alaska in a few days to be present at the territorial legislature when it takes final action on the prohibition law.

DEADLOCK IN SENATE STILL UNBROKEN

JUNEAU, March 14.—The deadlock in the senate is still in force. Senator Gaustad offered a compromise in which he proposed to break the deadlock by electing Aldrich to the chair with Maltby as Secretary and Eddy as Secretary-at-arms. This proposal was met with another from Senator Sunback agreeing to make Aldrich president and the other offices to be chosen by lot. Both propositions were met with a tie, the old four to four.

In the house, after the delivery by Governor Strong of his message, three bills were introduced. One by representative Day providing a permanent tax commission for the territory. Another by Representative Burns for a uniform school system and the third by Representative Snow fixing an eight hour system for underground work.

ARRIVED IN WRANGELL FORTY YEARS AGO

Forty years ago last Saturday Judge Wm. G. Thomas arrived in Wrangell. When asked if any of the buildings that were here then are still standing Judge Thomas said:

"The only buildings standing now which were here when I landed on March 10, 1877, are the buildings of the old garrison. The building now occupied by F. E. Bronson, the customs collector, was the Captain's quarters. The big log building which is now used as a jail was then the barracks proper, while the small log building used as an office for the United States commissioner was the military wardrobe."

Asked if he had lived here continuously for the past forty years Judge Thomas said:

"I have regarded Wrangell as my headquarters ever since I first came to Alaska. During the first six years that I was in the north I spent most of the time up the Stikine River, but since 1884 I have called Wrangell my home, and I have lived here continuously since 1884 except when away in the customs service, or serving as a U. S. deputy marshal. I have held a commission for a subordinate federal office of some kind under every president since Cleveland's first administration."

Leo McCormack Returns.

Leo McCormack, who has been on an extended trip outside returned on the City of Seattle Wednesday. At Seattle Mr. McCormack was joined by his sister, Miss McCormack of Kentville, Nova Scotia, and together they made a tour of California. Miss McCormack accompanied her brother on his return to Wrangell and will spend the summer here.

Mrs. George Skelton and Mrs. Arnt Sorset were southbound passengers on the Jefferson en route to Corvallis, Oregon, where they will visit with their mother, Mrs. A. Lemieux, and brothers Louis and Ned. Mrs. Sorset will remain in Corvallis until the end of the school term. Mrs. Skelton will return in a few weeks.

Master Raymond Wheeler entertained a number of youthful friends on last Thursday afternoon, the occasion being in honor of his sixth birthday.

THE WRANGELL SENTINEL

J. W. PRITCHETT, Publisher

\$2.50 PER YEAR, IN ADVANCE
Foreign Countries 50c Extra

Entered as second-class matter at the
Wrangell, Alaska, post office, under
Act of Congress of March 3, 1879.

THURSDAY, MARCH 15, 1917

The Alaska legislature is probably the only one in the United States which does not publish an official daily record of its proceedings. The expense of publishing a daily house journal would be nominal, and the people of Alaska would be more interested in reading it than the Congressional Record which is so liberally distributed from the national capital.

"Our school teachers are marrying entirely too much," says a Michigan paper. Sounds as if Michigan had gone in for polygamy.

New York's new Hell Gate bridge cost \$30,000, but there are many cheaper entrances to the infernal regions.

The advancing price for potatoes shows no sign of turning up its toes.—Nashville Banner.

Americans Die Young Because They Live on Borrowed Time

By Dr. WILLIAM LEE HOWARD,
Boston Physician

THE trouble with most of us in America is that we live on borrowed years. The majority of Americans live short lives because they rush along upon borrowed years under the fatuous idea that one can somehow find unused energy and growth to repay the borrowed and spent time.

Rushing, pushing your work into those hours which should be given to rest and recreation, eating a heavy meal with the brain full of blood from mental labor, forcing a jaded appetite with stimulants, TAKING DRUGS AND MEDICINES TO SPUR A TIRED SYSTEM. ARE SOME OF THE METHODS OF BORROWING YEARS.

Men and women are breaking down before their bodies register fifty years of life. The vital parts of the machines are the ones we find irreparably injured.

THE HUMAN MACHINE IN A NORMAL CONDITION CAN DO GOOD WORK AT SEVENTY-FIVE YEARS OF AGE AND ENJOY THE RESULTS AT EIGHTY-FIVE.

Workmen's Compensation Laws Just to Laborer and Employer

By EDSON S. LOTT, President of
United States Casualty Company

COMPENSATION for industrial accidents is a modern substitution for an ancient legal right to collect damages for injuries arising from such accidents.

WORKMEN'S COMPENSATION LAWS ARE BETTER FOR EVERYBODY THAN THE LAWS WHICH THEY DISPLACED.

Workmen's compensation laws are working out all right for everybody interested. All workmen so covered are compensated if the injury results in disability lasting longer than two weeks. There is little litigation.

The compensation payments in most states pay as large a proportion of the loss in wages resulting from accidents as is practicable and just, and an injured workman gets the compensation to which he is entitled IMMEDIATELY AT THE TIME HE AND HIS FAMILY NEED IT MOST.

USE OF BANK CHECKS.

The Part They Perform in the Payment of a Debt.

A young man had kept in his possession for several days a check from his uncle. His uncle died, and he hastened to the bank to cash the check. When he found the bank would not pay the check until it had orders from the heirs or from the courts he was surprised and observed to his father that he thought of a check as being so much money if the signature was good.

As a matter of fact, however, a check is merely an order from A. to B., who holds some of A.'s money, to pay a certain amount thereof to C. It is not money, even if the names on the check are good and well known and the bank is solid as the government. Although checks are given in payment of debt and a receipt usually is signed on the spot, yet the passing of a check does not constitute payment of indebtedness until it is paid by the bank.

Nor will the concurrent receipting of the debt for which it is given change this. If the check is not paid on presentation to the bank the original claim stands against the drawer or giver of the check. But a certified check constitutes payment on the part of the person who draws it.

Checks may be antedated or postdated—that is, dated before or after the date of delivery. If postdated checks are paid before the day specified the drawer can recover the money, for the bank has acted not in accordance with any order from him, but on its own responsibility.

If a blank is left for the date the holder is authorized to insert the true date of delivery, but no other date. The insertion of any other date or changing the date without the consent of the drawer makes the check void.—Exchange.

Secret Societies.

Secret societies are so ancient that their origin is lost in the mists of the past. They existed in Egypt, Persia, India, at the earliest times with which history or legend gives us any insight. It seems to be natural for men to organize such societies for both good and evil purposes. Nearly all the ancient religions were of a two faced character, popular and secret, or, as they are called, "esoteric" and "exoteric," the first for the few, the initiated, the second for the rank and file. The philosophers would teach one thing to the masses of the people and another to the select few who made up the "inner circle." Cicero tells us that the wise men of Rome and Greece believed quite differently from the common run of Greeks and Romans.

Jasmine Wreaths.

In Tuscany brides wear jasmine wreaths, and there is a legend that a once reigning grand duke, who at great expense procured this flower for his own particular garden, gave orders to his gardener not to part with any flowers or clippings; but the gardener, who was in love, took a sprig to his sweetheart as a gift. She, being shrewd, planted it and raised from it several small plants, which she sold to the duke's envious neighbors at a great price. In a short time she had saved sufficient money to enable her lover and herself to marry and start housekeeping, and so the Tuscans have a saying that "the girl worthy of wearing the jasmine wreath is rich enough to make her husband happy."

The Word "Calico."

The word "calico" had a queer origin. Many centuries ago the first monarch of the province of Malabar, in Hindustan, gave to one of his chiefs as a reward for distinguished services his sword and all the land within the limit of which a cock crowing at a certain temple could be heard. From this circumstance the little town which grew up in the center of this territory was called Calicoda, or "the cock crowing." Afterward it was called Calicut, and from this place the first cotton goods were exported into England bearing the word "calico."

Mere Gossip.

"I suppose, Ellen," she remarked to the new girl, who feigned indifference, "that you overheard my husband and me conversing rather earnestly this morning. I hope, however, that you did not think anything unusual was going on."

"Never a bit, mum. O! wanst had a husband meself, an' niver a day passed that th' neighbors didn't believe one or the other of us would be kilt entirely."—Pittsburgh Chronicle-Telegraph.

Hardly.

"The old, old story," exclaimed the husband, with a long drawn sigh, as he laid down his paper. "Another man committed suicide because his home was unhappy."

"And did that make his home any happier," asked his wife, "or doesn't the paper say?"

MINING APPLICATION

No. 03558

United States Land Office,
Juneau, Alaska.

February 5, 1917.

Notice is hereby given, that the Alaska Marble Company, a corporation, duly organized and existing under the laws of the State of Maine, and qualified to do and doing business as a corporation in Alaska, by William S. Bayless, its agent and attorney in fact, has made application for patent for the No. 21 Prince of Wales Group, marble placer claim, Survey No. 1050, situated on the east shore of Shakan Strait, on what is locally known as Marble Creek Bay, on Prince of Wales Island, near Calder, and about 2 1/4 miles north of Shakan post office, Alaska, in Tongass National Forest, and tied to U. S. L. M. No. 5, which is a post 6 inches square 6 feet above ground surrounded by a mound of stone, situated on a small island in Shakan Strait, which is connected with Kosciuszko Island at low water and is referred to on U. S. C. and G. S. Charts as "Astronomical Station," which said property is more particularly described as follows:

Beginning at corner No. 1, on line of mean high water of Shakan Strait, in locally designated Marble Creek Bay, whence U. S. L. M. No. 5 bears S. 6 deg. 03 min. 50 sec. E. 1017.65 feet distant; thence S. 87 deg. 07 min. W. 620.80 feet to corner No. 2; thence N. 27 deg. 52 min. W. 216.40 feet to corner No. 3; thence N. 10 deg. 05 min. E. 197.90 feet to corner No. 4; thence N. 40 deg. 14 min. E. 54.90 feet to corner No. 5; thence S. 80 deg. 39 min. E. 358.00 feet to corner No. 6; thence N. 33 deg. 47 min. E. 209.40 feet to corner No. 7; thence N. 5 deg. 55 min. W. 294.10 feet to corner No. 8; thence N. 81 deg. 29 min. W. 349 feet to corner No. 9; thence N. 350.00 feet to corner No. 10; thence E. 822.50 feet to corner No. 11; thence S. 735.50 feet to corner No. 12; thence S. 0 deg. 26 min. E. 270.60 feet to corner No. 13; thence S. 53 deg. 07 min. W. 335.30 feet to corner No. 1, the place of beginning. Containing an area of 10.855 acres. Mag. Var. 30 deg. 30 min. E.

The names of the adjoining claims are Claim No. 1 placer, patented, survey No. 524, and Prince of Wales No. 22 placer, unsurveyed, both belonging to the applicant company.

The location notice of the No. 21 Prince of Wales Group Marble placer claim is recorded in Volume 10 of Mines at page 50 of the records of the Ketchikan Recording District No. 8, Alaska.

This notice was posted on the ground the 10th day of February, 1917.

WRANGELLSETAM LAUNDRY

The Country Church Is the Nation's Bulwark. Go to Church.

LARGE percentage of the big men of this big country come from small country towns. Most of the REAL BIG MEN never forget their boyhood days when they went to the SMALL COUNTRY CHURCH. The simple lessons that were taught there have GUIDED THEM THROUGH LIFE. Their lives have been clean. Clean living made for their success.

When the GO TO CHURCH campaign was launched these men took a commendable interest in it. By attending church they set a SPLENDID EXAMPLE to the careless and indifferent. When a real big man GOES TO CHURCH the COUNTRY CHURCH LAID THE FOUNDATION FOR THE GREAT SUCCESS IN LIFE. READ THE LIVES OF THE GREAT MEN OF THE COUNTRY. THEY TAKE PRIDE IN RECALLING THEIR EARLY RELIGIOUS TRAINING—THE FINE IDEAS THAT WERE INCULCATED WHEN THEY WERE YOUNG. SURELY THEY PUT TO SHAME SOME OF THE SCOFFERS AT RELIGION AMONG THE FLIPPANT YOUTHS OF THIS MATERIAL AGE. YOU CAN COUNT ON YOUR FINGERS THE NUMBER OF SUCCESSFUL MEN WHO DO NOT GO TO CHURCH.

The plea of some who have fallen away from the church is that they are TOO BUSY to attend church. Yet men whose time is WORTH \$100 OR MORE AN HOUR do not begrudge an hour or more for God on the Sabbath.

No man is too busy to attend church. If he is successful he should GO TO CHURCH to thank God for his success. If he is struggling he should ask God's help.

GO TO CHURCH NEXT SUNDAY.

KLAWOCK NATIVES ARE PROGRESSIVE

The natives of Klawock are nothing if not progressive. As a matter of fact they have outdistanced any tribe in the entire territory of Alaska.

Professor Hibbs of that place, speaking to the Ketchikan Miner yesterday said many examples were brought out to show that those people have minds of their own which they use with good results.

It was the Klawockians who were first in organizing their community into an incorporation after the territorial legislature passed a law authorizing such organization. It was the same people who organized and incorporated the first co-operative store in Alaska and made a success of it. So much so that despite the odd season last year, a dividend was declared of twelve per cent recently. It was the same people who, practically unaided by the government built one of the best school buildings in the territory at their own expense. It is only a few days ago that the same people organized what is known as the "Klawock Brotherhood" an organization designed to help every member of that community. They wrote their by-laws and had their certificates of membership printed with just as much elegance as a multimillionaire organization.

It was learned yesterday from Prof. Hibbs that the school boasts of 90 pupils enrolled with an average attendance of 80. One of the pupils of that school won a gold medal at the Metlakatla fair this week, getting the first prize.

For many years, their postoffice has been kept across the bay from their village at the North Pacific Trading & Packing Company's office, now they have learned that it is to be transferred to their village proper and postmaster will be appointed, presumably one of the natives will be appointed. Professor Hibbs able assisted by Mrs. Hibbs and their assistant, Miss Forest, government teachers, supervise things in general and are apparently happy in their work of not only teaching the children of the community, but taking care of the sick besides the management of the large co-operative store that has thrived above all expectations.

Recently a writer in the Scientific American pointed out a lack of artillery in our military equipment. It is a subject which only an expert can elucidate with complete fairness, yet every layman should be advised that there is an artillery problem. The writer in question says that there are guns for 300,000 men only, allowing three guns to a thousand men. The regular army numbers approximately 100,000 and has only 192 guns, enough on that basis for 64,000 men. The new law, it is said, provides for 484 for the regular army. Even that number, after providing for wastage, will give but three guns to a thousand men in a hard campaign. Modern warfare as it has developed in Europe calls for lavish use of artillery. Wherever artillery can be made available it is the cheapest form of defense. It gives confidence to the infantry because it can damage the enemy perceptibly at long range, moreover, keep him at long range while the infantry seeks a vantage ground. Springfield rifles are also lacking to supply a large army. It takes a long time to manufacture guns, whether light or heavy, and since the people are to be the final arbiters for peace or war the matter of readiness or want of it should be faced frankly. Arguments showing the evil of unpreparedness are convincing, but mere change of mental attitude will not put up to date cannon and rifles in the camps and arsenals.

Notice of Public Primaries

Public primaries will be held at the town hall, on Thursday, March 22, 1917, at 8 p. m., for the purpose of nominating candidates for the municipal election for the Town of Wrangell, to be held on Tuesday, April 3, 1917, to consist of a mayor for a term of one year, three councilmen for a term of two years, and three councilmen for a term of one year, and one school trustee for a term of two years.

JOHN W. STEDMAN,
Town Clerk.

FISH MARKET BRISK AT PRINCE RUPERT

(Prince Rupert Empire)

Forty tons of herring, caught off Port Simpson, were received by the Cold Storage Company in Prince Rupert yesterday. The long awaited run is at last in full swing.

The fishing boat Rolf, which sold her catch here yesterday, did not receive any bids in either Ketchikan or Petersburg. So she beat it for Prince Rupert, where a sale was readily made.

Another big lot of fish arrived at Prince Rupert. The Andrew Kelly with 40,000; the Chief Skugaid, 30,000; Senator, 20,000; Bryan, 13,000; Fraser, 13,000; Viking, 10,000; Mars, 10,000; Agnes B., 8,000; and the Equator, 2,000.

Ten halibut vessels arrived in Rupert last Saturday and there was some brisk buying. The Loyal, with 14,000 lbs., and the Omaney, with 55,000 lbs., had their catches purchased by the Canadian Fish & Cold Storage Co. The catch of the Seattle, 45,000 lbs., was bought by the Booth Fisheries. The Washington, 25,000 lbs., and the Pacific, 28,000 lbs., sold their fish to the San Juan Co. The Tordenskjold, 25,000 lbs., and the Orient, 15,000 lbs., disposed of their catch to the Atlin Fisheries. All these takes were sold at nine cents a pound ex vessel. The Zabassa, owned by the Prince Rupert cold storage plant, brought in 17,000 lbs. The Rodel, 6000 lbs., and the Nautilus, 6000 lbs., sold to the Atlin Fisheries for eleven and a half cents a pound.

During the past week more than half a million pounds of fish have been brought to Prince Rupert. Practically all of the bait was obtained from Alaska sources.

MRS. HYLAND AT JUNEAU

(Juneau Empire)

Mrs. Winifred Hyland, business woman of Telegraph Creek, British Columbia, has been a Juneau visitor for the past few days and was a guest at the home of Mr. and Mrs. Charles Goldstein. She left this morning on the Princess Sophia for a visit to the south and east.

Mrs. Hyland has been manager and owner of trading posts in the Stikine section for a number of years. She operates trading posts at Dease Lake, Lillard, and Telegraph Creek. While on her way to Juneau, Mrs. Hyland made the long journey down the Stikine river from Telegraph Creek to Wrangell in six days behind a dog team. She also brought a shipment of furs valued at \$20,000.

GOLDSTEIN TO ENTER THE FUR BUSINESS

(Juneau Empire)

Charles Goldstein left for the East this morning for the purpose of furthering his fur business. He will visit New York, Philadelphia, Detroit and other cities.

"It is our purpose," said Mr. Goldstein, "to enter the fur trade of the North in Juneau. While we realize that it will require a lot of work, we have determined to accomplish it."

Wrangell : : Alaska

Local and Personal

Mr. and Mrs. N. M. Tate and Arthur Leonard of Union Bay were in Wrangell Sunday.

Try the new barber shop in the Ulber block.

Charles Darwell was a passenger to Seattle on the Jefferson Friday.

W. H. Warren, vice president of the Bank of Alaska, was a southbound passenger on the Spokane Monday night. He was enroute.

For quick, reliable service—Grigwire's barber shop in the Ulber block.

W. H. Warren, vice president of the Bank of Alaska, was a southbound passenger on the Spokane Monday night. He was enroute to Seattle on a hurried business trip.

The Saturday night dance at the Redmen's hall was more largely attended than usual, and was a lively affair from start to finish.

For the shave of satisfaction go to Ed Grigwire's shop in the Ulber block.

Captain Knig Johansen, went to Petersburg Tuesday on his gas-boat Karen, taking with him Ole Johnson who will spend a few days in Petersburg putting in a new front for the drug store recently purchased by J. H. Wheeler of Wrangell.

Dr. L. Pryer came over from Petersburg Friday evening in his gasboat, Nux, bringing with him J. H. Wheeler and Jack Lindsay. The party returned the next day. Before entering the medical profession Dr. Pryer was a newspaper man. While in Wrangell he paid the Sentinel a pleasant call and got a whiff of fresh printer's ink.

Lawrence Horgheim arrived on the Alki Saturday from a five months' sojourn in the Hawaiian Islands.

When you think of smoking material think of Patenaude's.

McCormack Baby Dies

Ronald Leonard, the two months' old son of Hon. and Mrs. P. C. McCormack, passed away at 6:30 o'clock Wednesday morning. Death was due to mal nutrition.

St. Philip's Church

The fourth of the series of sermons on Personal Religion will be delivered at St. Philip's church Sunday, March 18. The theme will be "Your Helpers."

The church religion agrees with the world in pointing out the things that are evil. But unlike the world, it does not say to the victim of evil "Get off the earth." It opens up a door of escape; and, what this door is, what helps you to open it, should therefore be most practical.

All are cordially invited.

Moose Elect Officers

The annual election of officers of Wrangell Lodge No. 866, Loyal Order of Moose, occurred Friday evening. The election resulted as follows:

Dictator—Dr. W. J. Pigg.
Vice Dictator—J. G. Grant.
Prelate—Ralph Hall.
Secretary—N. Nussbaumer.
Treasurer—E. F. Carlstrom.
Inner Guard—Louis Oleson.
Outer Guard—C. M. Marshall.
Trustee—Arnt Sorset.
Delegate to grand lodge—W. A. Lucas; alternate, Frank M. Goodrich.
Sergeant-at-arms—Elmer Prescott.
Orator—J. W. Pritchett.

Anything in the smoking line at Patenaude's.

Wheeler Branching Out

(Petersburg Report)

James H. Wheeler, of Wrangell, closed a deal the first of the week for the purchase of Dr. Pryer's drug store, and has now taken charge of the business. Mr. Wheeler has been in the drug business at Wrangell for about eighteen years. He will now conduct the stores in both towns, giving his personal attention to keeping up the stocks to meet requirements of the trade. Dr. Pryer plans to leave shortly for the east, to take a post-graduate course at medical college, after which he will return north and resume his practice.

For Sale Cheap—Two second hand coal ranges and two second-hand gasoline ranges.—L. C. Patenaude.

CLUB NOTES

Women have discovered that no one lives to herself alone; that only by co-operation can any good be accomplished, and therefore, instead of clubs organized for self-improvement, we have more and more organizations working for the good of communities and humanity as a whole. "Service" has become the great watch-word, for in serving others, we broaden our sympathies, and come to a larger understanding of the questions of the day than we have ever known. Service built on efficiency and intelligent effort cannot fail. Publicity is an important factor in club work. A large percentage of our people know little about the accomplishments of women's clubs. To bring information of this sort within the reach of all, nearly all clubs have press agents and the newspapers throughout the land are opening their columns to reports of club work. Women's clubs are no longer a huge joke; they are an undeniable force and a valuable asset in any community.

A recent editorial in one of the leading magazines of the country began with these words: "Barring the American Federation of Labor, the organization which possesses the greatest power in the United States today is the General Federation of Women's Clubs." The greatest power! Is not this tribute from a man's pen something of which we as women may well be proud—and withal humble, and prayerful that we may use the power for the greatest good? The General Federation of Women's Clubs consists today of 48 State Federations and the Federation of the District of Columbia, or a total of 9,000 clubs with 2,500,000 members. In 1914 the membership included 6000 clubs or 1,000,000 members, so the growth during the past two years has been rapid. Outside of the General Federation there are a number of clubs which work independently and accomplish much good, but lack the inspiration that comes from united effort.

It will be the aim of these "Notes" to tell briefly each week something of the work of the women's clubs of the country. The editor of the Sentinel has very kindly given us the space, and we will endeavor to fill it with information that will prove of interest.

David Johnston

Mr. David Johnston, many years a resident of Wrangell, Alaska, passed away March 3, 1917, at Pasadena, California. He was laid to rest in Mountain View Cemetery. Rev. Spaulding of North Lake Avenue Presbyterian Church conducted the services. The pall bearers were W. O. Barnes, Alfred Woolard, H. F. Ives and Dr. A. W. Howe.

Arola-Pukkinen

MARRIED—In Wrangell, on Monday, March 12, Carl Isaac Arola and Miss Saima Josephine Pukkinen, both of Juneau, Judge William G. Thomas officiating. The witnesses were Thomas Dalgity and Chas. O. Roos. Mr. and Mrs. Arola have located in Wrangell. Mr. Arola will follow the fishing business.

Election Notice

A municipal election will be held in the town hall of the Town of Wrangell on Tuesday, April 3, 1917, for the election of a mayor to serve one year, three councilmen to serve two years, and three councilmen to serve one year, and one school trustee to serve two years.

JOHN W. STEDMAN,
Town Clerk.
